ORDER:

In the references read above, the Engineer-in-Chief(R&B) Roads has stated that the Adoni – Gadwal road is an important State Highway Road having very heavy intensity of traffic. This is the shortest route to Hyderabad from Adoni Revenue Division and Bellary District in Karnataka State. By using this bridge travel distance reduces by 50 to 60 km to Hyderabad. So, a High Level Bridge was constructed on the River Thungabhadra at Nagaldinne village on Adoni – Gadwal Road. After construction of this bridge many Agro based industries came up on either side of the river. The extent of Ayacut agricultural land is also very high under lift Irrigation from the river. The farmers are using this bridge to convey their agriculture produce to the nearest market yard. He has further informed that due to heavy flood from 30-09-2009 to 02-10-2009 the High Level Bridge near Nagaldinne was washed away completely. Leading to complete description of traffic. Now the entire traffic is detoured through Kurnool to Hyderabad. The public and farmers are facing a lot of inconvenience. Hence, it is very essential to reconstruct the High Level Bridge across the river Thungabhadra at Nagaldinne. He has, therefore, requested to accord administrative sanction for an amount of Rs. 4200.00 lakhs under plan scheme for taking up the work "Re-Construction of High Level Bridge across river Thungabhadra near Nagaldinne village on Adoni-Gadwal road in Km 50/2-10 in Kurnool District".
